Bio

I am an enthusiastic and ambitious Math's teacher with a high aspirations and is keen to progress within my career. I am confident with my ability to deliver curriculum outcomes by planning outstanding lessons that engage my students. I have extensive experience of teaching general Math's in a wide range of classroom settings. As a true professional I will have no trouble seamlessly integrating within a school's existing traditions and practices. Right now I want to join a department and school that is very much on an upward curve.
